

Consent for Treatment

You, the patient, have the right to accept or reject dental treatment recommended by your dentist. Prior to consenting to treatment, you should carefully consider the anticipated benefits and commonly known risks of the recommended procedure, alternative treatments, or the option of no treatment.

Do not consent to treatment unless and until you discuss potential benefits, risks, and complications with your dentist and all of your questions are answered. By consenting to the treatment, you are acknowledging your willingness to accept known risks and complications, no matter how slight the probability of occurrence.

It is very important that you provide your dentist with accurate information before, during, and after treatment. It is equally important that you follow your dentist's advice and recommendations regarding medication, pre and post treatment instructions, referrals to other dentists or specialists, and return for scheduled appointments. If you fail to follow the advice of your dentist, you may increase the chances of a poor outcome.

1. Treatment to be Provided

I understand that during my course of treatment that the following care may be provided:

Examinations including Oral Cancer Screening, Preventive Services, Restorations, Root Canal Therapy, Crowns, Bridges, Implants, Other.

2. Drugs and Medications

I understand that antibiotics, analgesics, and other medications can cause allergic reactions causing redness and swelling of tissues; pain, itching, vomiting, and/or anaphylactic shock (severe allergic reactions).

3. Changes in Treatment Plan

I understand that during treatment it may be necessary to change or add procedures because of conditions found while working on the teeth that were not discovered during examination, the most common being root canal therapy following routine restorative procedures. I give my permission to the dentist to make any/all changes and additions as necessary.

Financial Policy

As a condition of treatment by this office, financial arrangements must be made in advance. The practice depends upon reimbursement from patients for the costs incurred in their care. Financial responsibility on the part of each patient must be determined before treatment.

All emergency dental services, or any dental services performed without previous financial arrangements, must be paid for in cash at the time services are performed unless other arrangements are made.

Patients with dental insurance understand that all dental services are charged directly to the patient and that he or she is personally responsible for payment of all dental services. This office will help prepare the patient's insurance forms or assist in making collections from insurance companies and will credit any collections to the patient's account. However, this dental office cannot render services on the assumption that our charges will be paid by an insurance company.

A service charge of 1% per month (18% per annum) on the unpaid balance may be charged on all accounts exceeding 60 days, unless previously written financial arrangements are satisfied.

I understand that any fee estimate for this dental care can only be extended for a period of six months from the date of the patient examination.

HIPPA Acknowledgement

I understand that I may inspect or copy the protected health information described by this authorization.

I understand that at any time, this authorization may be revoked, when the office that receives this authorization receives a written revocation, although that revocation will not be effective as to the disclosure of records whose release I have previously authorized, or where other action has been taken in reliance on an authorization I have signed. I understand that my health care and the payment for my healthcare will not be affected if I refuse to sign this form.

I understand that the information used or disclosed, pursuant to this authorization, could be subject to re-disclosure by the recipient and, if so, may not be subject to federal or state law protecting its confidentiality.
