

I am writing to tell you about some exciting happenings here at the practice!

Providing you with the highest level of care possible has always been paramount. It's what you expect and what I insist from myself and my team. The standard of care you've grown accustomed to here requires long hours of clinical and behind the scenes administrative work.

I am very excited to announce that now you can expect an even greater amount of care and service from us.

After a deeply thorough and exhaustive search, I have found someone who can take the practice to that next level with me. Dr. Bhavya Patel has assumed ownership of the practice and together, both he and I will be able to provide you with expanded platform of dentistry, including some specialty work, making your oral care more convenient and comfortable.

Rest assured; I may not be in the office every day but I'm not going anywhere!

When I began my search, I knew my priorities were to find a skilled clinician who had a practice philosophy that closely mirrored my own. Continuity of care is the first concern for my patients. Dr. Patel's good humor, passion for dentistry and excitement to lead our team made him the perfect fit!

Dr. Patel is a graduate of Tufts University School of Dental Medicine. He is passionate about dentistry and is always striving to enhance his clinical skills, doing so through regular continuing education courses. He holds himself to provide the highest quality of dental care and educates his patients on how to perform quality care at home with personalized treatment plans. Dr. Patel is a member of the American Dental Association and New Hampshire Dental Society. When not practicing dentistry, he enjoys travelling and spending time with his wife and two sons.

So what can you expect from Dr. Patel, me and the entire team here?

- More doctor availability
- Another kind and gentle dentist
- The same outstanding dental team you enjoy seeing when you visit
- The same insurances we've always had
- Expanded array of services.

Together we are working hard to make this transition as seamless as possible for you.

Please call us at 603-471-6000 if you need to confirm your appointment time with us.

Please join me in enthusiastically welcoming Dr. Patel!!

Yours,

Dr. Jo-Anne Johnson
